

Atlas Copco LP13-30P 20-30 L/Min Hydraulic Power Pack

Prod Code: 6040-ATLA-516

You can use the Atlas Copco power packs virtually anywhere: fitted with wheels and handles, they are easy to manoeuvre around building sites. They are easy to start, the noise level is low, and when they are not in use, the power packs are small enough to be stored on shelves. They are also lightweight enough that two people can lift one up and fit it in the back of a van.

This power pack is equipped with Power On Demand (POD). This hydraulic regulatory system automatically idles the engine when the tool is not being used and speeds it up when the tool is activated.

Features & benefits

Portable, compact and light weight

High efficiency, low noise and low fuel consumption thanks to Power On Demand function

Low maintenance, long lifetime – moving parts move in a closed lubricated circuit

Protective steel frame with foldable handles

Lifting eye and cross lifting bar

No exhaust or emission from the tools – power pack with engine can be placed away from tool

Large return filter and replacement indicator

Thermostatically-controlled oil cooler

Applications

Power source for hydraulic tools

SPECIFICATIONS

| | |
|---|-------------------|
| Engine | Honda GX390 |
| HP | 13 |
| Oil flow | 20 - 30 l per min |
| Weight (incl oil) | 91 kg |
| Length | 745 mm |
| Width | 600 mm |
| Height | 705 mm |
| Max pressure | 150 bar |
| Fuel capacity | 6.5 Litre |
| Hose included | YES |
| Power on Demand (POD) | YES |
| Oil control: engine oil | YES |
| Electric start | NO |
| Sound power level guaranteed L _w (2000/14/EC)* | 101 dB(A) |
| Sound pressure level (ISO 11203)* L _{p r 1m} | 89 dB(A) |
| EHTMA class | C/D |
