

Honda WB20 2 Inch Water Pump

Prod Code: 8000-HOND1-98

Whether it's site water containing silt and sand or plain freshwater, the WB20 pump is ideal for shifting it fast. Its premium performance and durability comes from the pairing of Honda's GX industrial grade OHV 4-stroke engine with a high quality abrasion resistant cast iron volute and impeller. These tried and tested units are mounted on vibration-reducing rubber dampers to ensure smoother running and extended frame life.
